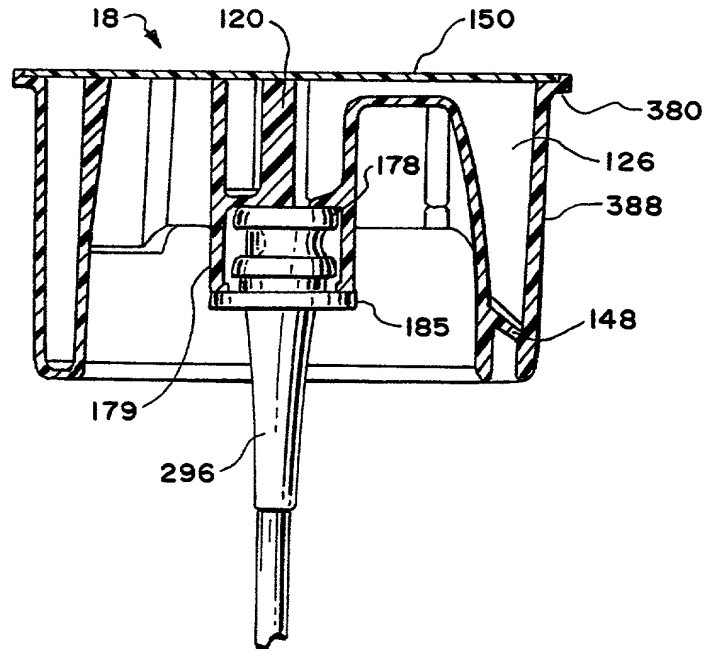

FIG. 8

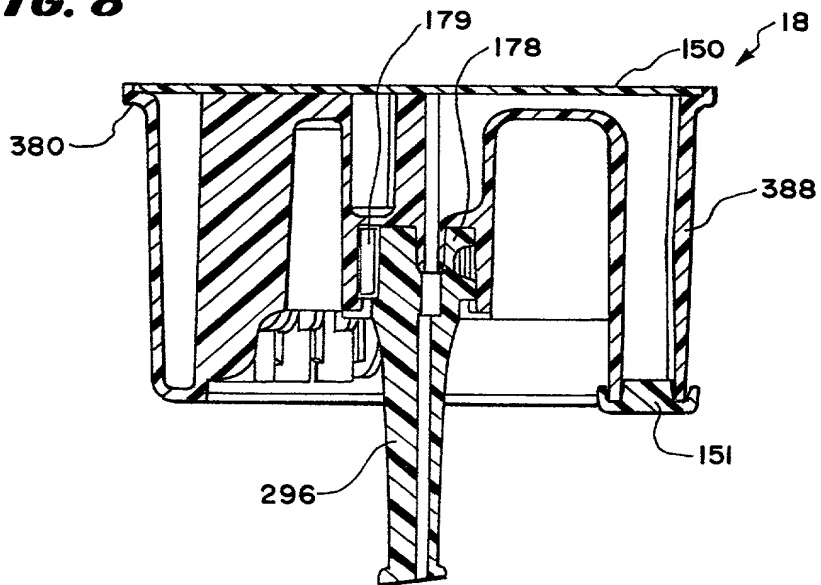

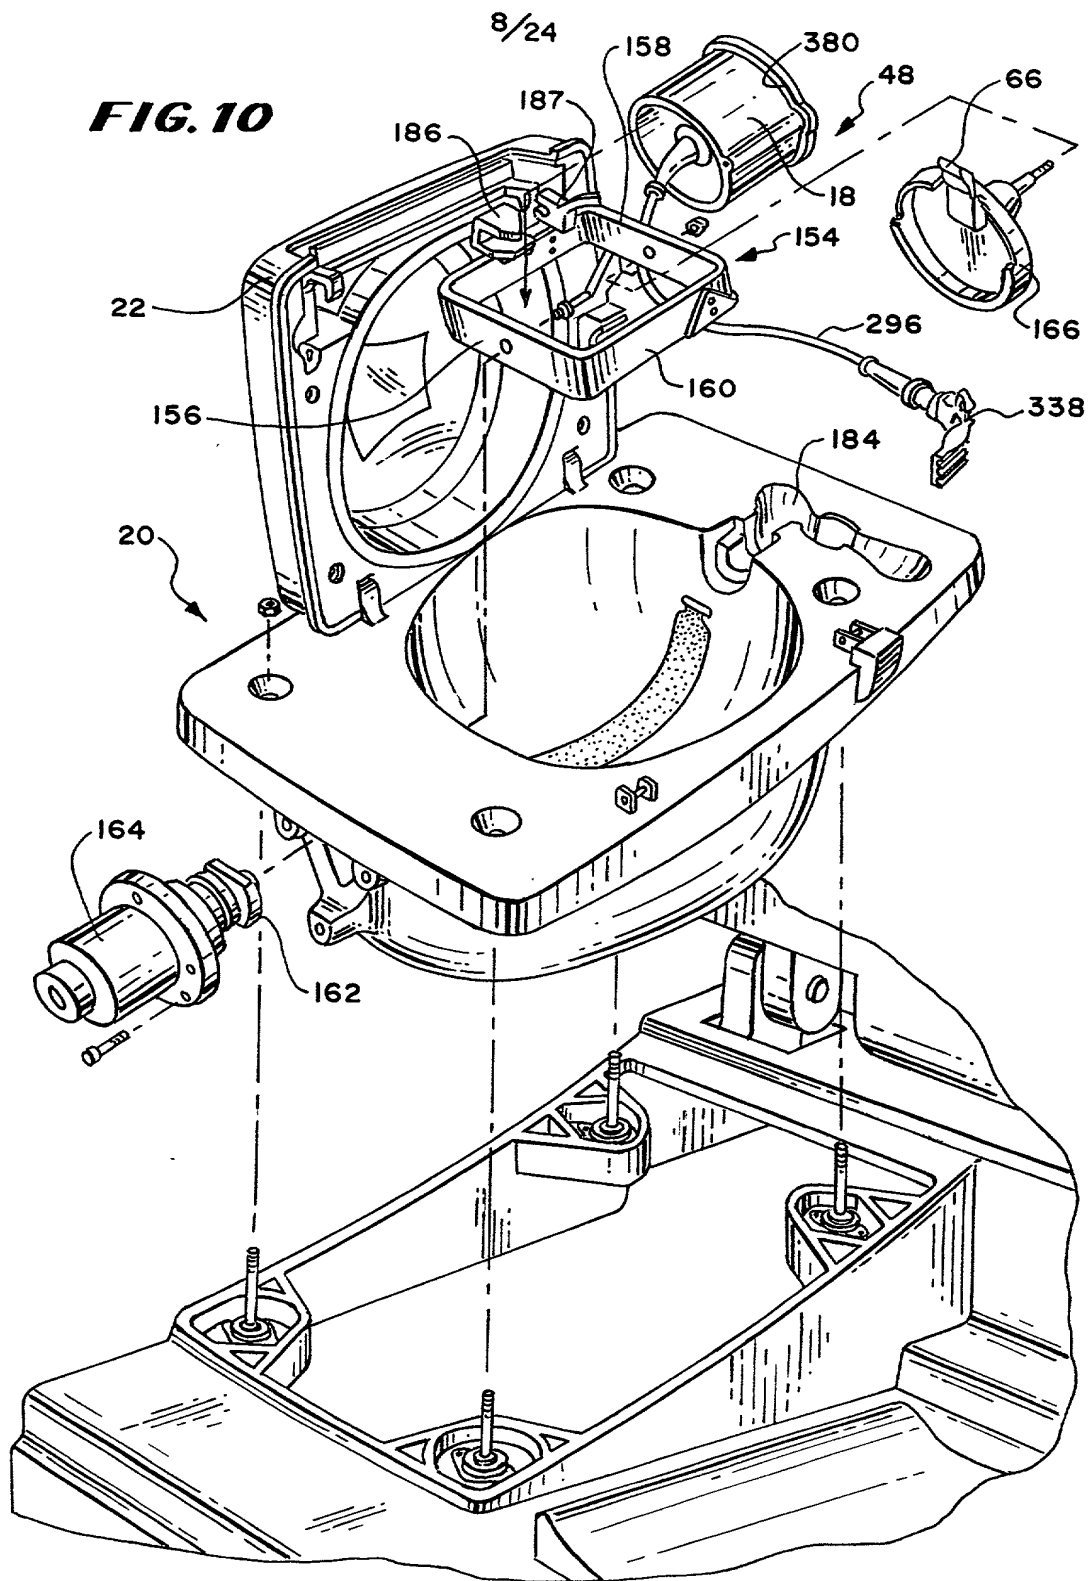

FIG. 1 is a cross-sectional view of a circular device, likely a hard disk platter, showing a central hub with a spindle and a platter with a read/write head assembly. The head assembly includes a head (120) and a slider (122) with a read/write head (124). The head is mounted on a pivot (130) and is connected to a support structure (132, 134, 136, 142, 144). The platter has a surface (126) and a central hole (128). A curved arrow (18) indicates the direction of rotation.
